UITF task done by charm upon checking her files.

BANK MODULE

✓ In Bank Details, contact e-mail should be multiple, please also insert the following instructions:

*Inquiries will be sent to this e-mail(s), multiple e-mails must be separated by ' ;

✓ Every field in Fund Profile should be mandatory
✓ Should have error message for incorrect formats
✓ In Uploading NAVpu, make the following bold and in bigger fonts:

*If you have existing records, it is recommended to **download the prefilled template** which contains your previously uploaded fund products and their NAVpu's

FRONT OFFICE

✓ Simple Date Picker for From and To Date fields

✗ Google Custom Search missing in IE and Mozilla Firefox

✓ Fund Matrix should be empty first and add a filter for "All"

ADMIN MODULE (after Ms. Anj is done with Admin changes) –

I'll be the one in charge of this na gigi. ☺

1. Should make changes and additions to Classification manager transparent to the Bank module in Fund Profiles
2. Should have the ability to manage and view every bank's Fund Profile thru its link for the Fund Matrix.
3. (bank module) Connect Risk drop down list to database. (currently its in array only)
4. Attach/ Upload File not working in IE browser.
5. Google Custom Search missing in IE and Mozilla Firefox.
6. Combine charm and my work.
7.
